Our Apostle:

“And I will very gladly spend and be spent for you; though the more abundantly I love you, the less I be loved” [2Corinthians 12:15]

***Apostle Dr. Shawnette A. Houghton,
Founder/Presiding Prelate***

Labourers For Christ Ministries and Labourers For Christ Word Life Center in Chicago, Illinois was founded in May of 1997 by the Visionary and Apostolic Leader/Labourer, Apostle Dr. Shawnette A. Houghton. She was ordained into the Pastorate in 1996 and consecrated into the Apostolate in 2007. As a visionary, trailblazer and labourer, she believes in establishing one into their place of excellence in the Ecclesia (Body of Christ). She has been impregnated with a vision for these latter days and has been birthing promise and prophecy as a end-time saint. The call, the anointing and grace upon her life is for full restoration of a sexually and relationally broken church, especially its leaders. She has a burden for lost and seduced souls. She is in covenant with the Lord of the Harvest and has been commissioned, constrained and consecrated to labor in the gathering of this particular harvest. She believes as the Biblical book of Jeremiah chapter 8 verse 20 so eloquently states, "The harvest is passing the summer has ended and still we are not saved." This is the fuel that feeds her fire.

Charged with the Ephesians 4:12-13 mandate, Dr. Houghton is driven to evangelize, educate, equip, edify, endow, exhort, and escort the saints into the '*NEVERTHELESS*' or '*never wanting the less*' of God in their lives. The entities she has established to fulfill this mandate are the Christian Counseling Training Institute; the Sexual Relational Healing Retreat; The Apostolic Ecumenical Network; the Chayah Broadcast Network; Rahab's Restoration House; and the MC Thornton Christian Resource Center just to name a few as she continues to expand her ministerial horizons. Dr. Houghton has planted and oversees several different churches and ministries in the United States and in other countries such as India, Philippines, and Africa.

Dr. Houghton set forth a vision to plant churches and/or ministries globally. Part of the vision also entailed that God is going to raise leaders/ministries connected or from within the house that would heed the call of God to establish churches/ministries/organizations or themselves within those areas that are self sustaining yet in covenant, accountability, or fellowship.
